

The best in lighting comes with a NXT LEVEL DESIGNATION

Look for the **NXT Level designation badge** to make sure you receive the latest, most efficient and cost-effective lighting solutions.

Only **NXT Level designees** have accomplished a comprehensive lighting training created and administered by Northwest utilities, lighting experts and energy efficiency organizations.

When you hire a **NXT Level designee**, you're hiring a professional who's specially trained to provide:

The latest techniques and technologies

Cost-effective lighting solutions

The most energy-efficient practices

Lighting solutions to meet your project's specific needs

Access to available utility incentives that lower project cost

For the best lighting across Idaho, Montana, Oregon and Washington, look for the NXT Level designation badge.
